

June 2025

Welcoming Female Students

Dear Parents and Carers,

We're pleased to let you know that from September 2025, girls will be joining Year 7 at Hamilton School. This will be the first year group of girls in some time, and we'll welcome a new year group of girls each year after that.

Hamilton has always been a co-educational school, but it has been a number of years since we've had a female cohort. We're excited about this next step, which will bring new opportunities for all our students.

There's evidence that learning in a co-educational environment can help boost young people's confidence and communication skills – something that's especially important in an SEMH setting like ours.

We'll also be running sessions to support our current students with getting ready to welcome female classmates, and to help everyone feel comfortable and positive about the change.

As always, thank you for your support.

Warm regards,

Sarah Concannon
Headteacher
